## INTRODUCTION

The Office of Institutional Research, together with the Users Advisory Committee, presents the eighth publication of the Oklahoma State University Student Profile. Our objective in producing this document is to provide information on previous and present Oklahoma State University student enrollment and to depict trend data in a manner which is useful in planning for the challenge which lies ahead. This report is intended as an internal reference to help the University community better understand the University's most important resource--it's students.

Upon reviewing this year's publication, one will find that some of the tables have been revised to include more information or to be easier to understand. The Users Advisory Committee is to be commended for their continued support and advice. While the publication cannot contain all available information, it does present a comprehensive profile of most student information which has been requested by Oklahoma State University administrators.

This publication is intended as a "living document" to which additional information will be added each year. The document has become a very useful resource for student information to many departments and individuals at OSU.

We encourage users of this publication to direct their comments, questions and suggestions about its contents to the Office of Institutional Research.
