STUDENT PROFILE

OKLAHOMA STATE UNIVERSITY

FALL 1997 OSU STUDENT PROFILE DATA AND TREND HIGHLIGHTS

GENERAL

- ◆ First-year retention figures for full-time new freshmen (79.5%) and new transfers (73.8%) are up for the Fall 1996 class, the highest ever recorded in both groups.
- ◆ The percentage of the 1991 beginning freshman class graduating after 6 years increased from 47.6% to 49.4% over the 1987 beginning freshman class.
- ◆ Stillwater campus enrollment is up for the third year in a row; we are at 80% of our high point that was reached in 1982.
- ◆ While OSU's Fall 1997 total enrollment increased by 0.3% from Fall 1996, the state system enrollment decreased by 0.5%.
- ◆ Five-year enrollment trends from Fall 1992 to Fall 1997: new freshmen are up 6.7% and graduate enrollment is up 1.2%.
- ◆ Counting all students (undergraduate and graduate), once again, all 77 counties in Oklahoma, all 50 states, and 111 foreign countries are represented among OSU's student body.
- ◆ The number of Oklahoma high school graduates is climbing. Both high school graduates and ACT test-takers increased by over 5% between 1996 and 1997. However, OSU's market share of new freshmen decreased between 1996 and 1997, from 6.1% to 5.6% of Oklahoma high school graduates and from 9.0% to 8.3% of Oklahoma ACT test-takers.
- ◆ OSU's percentage share of the total state system headcount enrollment in Oklahoma's institutions of higher education increased for the third year in a row, from 11.9% in 1996 to 12.1% in 1997.
- ◆ The number of Oklahoma high school graduates is expected to increase every year between 1997 and 2000. Based on a three-year average market share, OSU should expect an extra 103 new resident freshmen in Fall 1998, an extra 90 new resident freshmen in Fall 1999, and an extra 45 new resident freshmen in Fall 2000 (see page 104).

STUDENT BODY

Source of Students

- ◆ Total *resident new freshmen* increased 3.9% from Fall 1992 to Fall 1997.
- ◆ Total *resident new transfers* increased 3.9% from Fall 1996 to Fall 1997.
- ◆ In Fall 1997, Stillwater High School again provided twice as many new freshmen as the next highest feeder school (121 students). Edmond Memorial High School was the second highest feeder school this year and in 1994, 1993, and 1992 (55, 79, 73, 108 students, respectively). In 1996 and 1995, Jenks High School was the second highest feeder school (60 students both years).

- ◆ OSU continues to draw out-of-state new freshmen heavily from the six surrounding states. In Fall 1997, OSU had 209 students from these six states. This number was 8.8% of all new freshmen and 55% of all out-of-state new freshmen.
- ◆ *Out-of-state undergraduates* increased 7.7% from Fall 1996 to Fall 1997 and that reflects continued growth in the proportion of out-of-state undergraduate students.

 - ◇ White students showed a slight decrease (-5%).
- ◆ Between Fall 1992 and Fall 1997, out-of-state enrollment increased almost 40%. Enrollment of international students went up 21.7% during the same time period, while in-state enrollments decreased by 6.6%.
- ◆ International student enrollment has stayed at or above 10% for four years in a row.
- ◆ The percentage of female enrollment increased from 45.6% to 46.5% from Fall 1996 to Fall 1997.
- ◆ Enrollment of adult students (i.e., students age 23 and over) has decreased 0.6% since Fall 1996 (from 7,477 to 7,432).
- ◆ OSU students borrowed 89% more money in the 1996-97 academic year than they did 5 years previously, while grants and other forms of nondebt financial aid increased only 18%.

Note: Retention is defined as the percent of enrolled students of a fall semester who return for the following fall semester. Example: A student who was enrolled as a Freshman in Ag Sci & Nat Res in the Fall Semester 1996 and who was also enrolled as an undergraduate in the Fall Semester of 1997 is reflected in the 81.3% retention figure above. Cont. = Continued; Grad. = Graduated. Preceding summer graduates are now included in these figures.

Note: A non-returning student is defined as a student who was enrolled at OSU for one fall semester but who did not graduate and who did not return to OSU for the following fall semester. The data presented above shows non-returning students as a percent of the total enrollment by class and ethnic group for the Fall Semesters 1994, 1995, and 1996. The percent of the previous fall semester class which graduated (% Grad.) is also presented.

For example, of the total (100%) Native American students enrolled at OSU as seniors in the Fall Semester 1996, 17.9% were not enrolled at OSU in the Fall Semester 1997 nor had they graduated from OSU; these students are shown as "% Non-Returning." Of the Native American senior students enrolled in the Fall Semester 1996, 51.2% had gone on to graduate prior to the Fall Semester 1997.

Note: Return rate is defined as an enrolled fall semester student returning for the following fall semester as an undergraduate student.

Return rate is computed by comparing the previous fall semester class to the current fall semester class by matching the student identification number. If a student's identification number matches, he/she is a continuing student. For example, of the 3,430 freshmen for Fall 1996, 2,469 returned the following fall semester giving a return rate of 72.0%.

This table includes Summer 97 graduates.

**OKLAHOMA STATE UNIVERSITY
FALL SEMESTER HEADCOUNT ENROLLMENT AND PROJECTIONS**

Enrollment at Oklahoma State University increased in Fall 1997 over the previous year by 149 students. Undergraduate retention rates have improved significantly in the 1990's and will continue to have a large impact on enrollment numbers. For example, this fall's sophomore class (Fall 1996 freshmen) is larger than last fall's sophomore class (Fall 1995 freshmen) even though the latter was the bigger freshman class. This fall, OSU has 10,189 returning undergraduates in addition to 2,377 new freshmen, 857 new graduate students, 1,527 new undergraduate transfers, and 638 readmitted undergraduate students. The projections in this section are mathematical models based on these and other past performances. No attempt has been made to capture any of the "intangibles" which might attract future students to the campus.

The new freshman enrollment for Fall 1997 is composed of 84% Oklahoma residents. This percentage share is characteristic of the freshman classes enrolling in this decade. Forecasts for Oklahoma high school graduates show increasing numbers through the end of the millennium, so the percentage of Oklahoma residents in future freshmen classes should account for an increasing share of each new freshman class. The forecasts of Oklahoma high school graduates used in this section are based upon information from the Oklahoma State Department of Education and the State Regents for Higher Education. It assumes that demographic trends such as immigration into and emigration out of the state will remain relatively constant.

In summary, several factors affect enrollment projections at OSU. Some of these factors depend on policy decisions originating with the Oklahoma State Regents for Higher Education and some depend on recruitment policies set by OSU administration. The impact of these policies as well as changing admissions, enrollment, retention, scholarship, and recruiting practices all have a role in determining future enrollment at Oklahoma State University. The Office of Planning, Budget & Institutional Research will continue to monitor developments in these areas and assess their impact on enrollment.

GLOSSARY

Age

A student's age is computed by subtracting year of birth from 1995. Therefore, students born in January 1972 and December 1972 will both be reported as age 24 (1996-1972).

Classification

Classification describes the student level and/or type and includes freshman, sophomore, junior, senior, special undergraduate, special graduate, master, and doctorate.

College

The University is divided into six undergraduate colleges: Agricultural Sciences & Natural Resources (ASNR); Arts and Sciences (A&S); Business Administration (CBA); Education (COE); Engineering, Architecture, and Technology (CEAT); and Human Environmental Sciences (HES). Data for CEAT are sometimes divided into two data sets--one for Engineering & Architecture (ENGR), and the second for the Division of Technology (TECH).

In addition to these six undergraduate colleges, students may enroll in the University Academic Services, the Graduate College, and the College of Veterinary Medicine. In this report, students enrolled in the Graduate College are usually distributed for reporting purposes to the respective undergraduate college which administers their major coursework.

Ethnicity Codes and Definitions

For purposes of reporting OSU enrollment by ethnicity, the total enrollment at OSU excluding internationals (non-U.S. citizens) is divided into the following categories:

- | | |
|-------------------|---|
| White: | All persons having <u>origins</u> in any of the <u>original</u> peoples of Europe (except Spain and Portugal), North Africa (above the Sahara), or the Middle East. This category would include, for instance: Italy, France, the British Isles, Scandinavia, Germany, Russia, Romania, Greece, Turkey, Morocco, Algeria, Libya, Egypt, Iraq, Israel, Saudi Arabia, and Iran. |
| African American: | All persons having <u>origins</u> in any of the <u>original</u> peoples of Africa south of the Sahara. |
| Native American: | All persons having <u>origins</u> in any of the <u>original</u> peoples of North or South America. |

- Hispanic: All persons having origins in any of the original peoples of Spain or Portugal. This category would generally include, for instance: Chicanos, Mexican-Americans, Mexicans, Central and South Americans, Cubans, Puerto Ricans, Spaniards, and Portuguese.
- Asian: All persons having origins in any of the original peoples of the Far East, Southeast Asia, or the Pacific Islands. This category would include, for instance: China, Japan, Korea, Thailand, Vietnam, the Philippines, Samoa, Indonesia, New Zealand, Australia, and the Indian subcontinent which includes all persons from Afghanistan, Nepal, Burma, India, and Pakistan.

In order to present a set of data regarding OSU enrollment which sums to OSU's total enrollment (including international students), some tables and figures which present data by ethnicity in this report include an additional column or row of data pertaining to the balance of the student body--the international student population.

Resident Status

A student is categorized as a resident if he or she was a legal resident of the State of Oklahoma at the time of original admission to OSU. If not a legal resident of Oklahoma at the time of admission, the student is a nonresident. If the student was a legal resident of a country other than the United States at the time of admission, the student is categorized as an international.

Retention

Student retention is usually expressed as a percentage figure which is derived by comparing the size of a specific group of students who were enrolled at OSU for a given semester to the size of the same group when they are enrolled for a successive given semester.

A non-returning student is defined as a student who was enrolled at OSU for a given semester and who did not graduate and who did not return to OSU for a successive given semester.

Special Undergraduate/Graduate Student

A special undergraduate student is a non-degree seeking student who has not earned a bachelor's degree from an accredited college or university. A special graduate student is a non-degree seeking student admitted to the Graduate College.

Student Location

Beginning with the Fall Semester 1983, every student on the Student Master File was defined by one of the following Student Location Codes:

- | | |
|---|--|
| 0 | Enrolled only in courses on the OSU main campus (OSU) |
| 1 | Enrolled in courses on the OSU main campus and also taking courses at the University Center at Tulsa (OSU + UCT) |
| 2 | Enrolled in OSU courses only offered at the University Center at Tulsa (UCT) |

For purposes of reporting data, students are reported as UCT students only if they are enrolled in OSU courses exclusively at the University Center at Tulsa (2 above). If a student is enrolled in a course on the OSU main campus, he or she is reported as a "main campus" student, irrespective of whether that student is also enrolled at the University Center at Tulsa (0 and 1 above).

Type of Admission

A new student admitted to OSU is classified as a new freshman, a transfer student, or a readmission. All other students are classified as returning students. A transfer student is classified as such only for the first semester that he attends OSU; after one semester a transfer student is reclassified as a returning student. Similarly, new freshmen are reclassified as returning students after their first semester at OSU (and are sometimes shown as "other freshmen" when presenting data by classification). A readmission student is a student who has enrolled at OSU in the past but who has not been enrolled at OSU during the previous semester (excluding the summer semester).
